Nothing in our lives is really
black.

Not even white.

However, we feel it so many
times.

But why is it easier for a
person to write something
when he is sad?

Who knows...

B a r e f o o t

Take my hand and follow me,
through the rainbow to the
stars.

Please don't think of loneliness.

Everything's fine when you
smile.

It doesn't matter, honey,
that you're barefoot. I am too.

I don't need any money.

The only thing I need is you.

B a d g i r l

Do you want to buy some
cocaine?

Asked me a little girl.

I'm not here to complain,
I'm here just to inform.

Beware of the cute smile
and the lovely kiddy voice.

You don't know what's hiding,
behind the easy choice.

T h e r i g h t w o r d

Look into my eyes,
you will see the love,
reflection of an angel.

Look into my heart,
burning deep inside,
scared, empty and painful.

It's hard to explain,
all the pain behind the smile,
life in my inner world.

It's hard to hold on,
walking the green mile,
so help me find the right word.

E v e n i f

All the things we keep inside,
all the things we're trying to
hide,
all the things they cannot see,
are written to our memory.

Even if I fall again,
even if I miss the train,
even if my life goes wrong,
I will sing a happy song.

I'll sing a song about the tree,
where I found you and you
found me.

A song about big love for free,
that fills all the air I breathe.

There's nothing more to say,
my dear,
even I'm not Richard Gere,
I'll be there for you forever,
hope we will still be together.

V a l e n t i n e

Black Valentine roses,
dying before I smell their
fragrance.

They're falling on my
empty table,
today has a love forbidden
entrance.

Hands that want to hug
some beauty,
ignite another cigarette.
I'd better play Call of duty,
love is just a silhouette.

She will dissolve like
smoke,
I can't touch her body.
I'll play on my piano now,
a sweet and sad melody.

T a k e m e b a c k

Here I am.
On my knees again.
I give to you
all my heart.

Here I am.
A broken, sinful man.
So take me back,
to the start.

Take me back,
to the place,
where love is the one,
that surrounds me.

Take me back,
into your arms.
Where could I feel,
that you love me.

T h a n k f u l

Sometimes I am shy.
Sometimes I am strong.
My feelings cannot hide.
I don't care if it's wrong.

Honey, I love you more,
than the whole world
around us.

Love you more than
myself,
more than tears that drown
us.

I want to be in your
embrace,
to feel your heartbeat on
my chest.

To feel the skin of your
nice face.
Is it the end, or is it just a
test?

I'm sorry for the sadness

but I'm thankful for the
time.

For the time God gave us,
to live dreams day and
night.

T h e v o i c e

My whole heart cries out:
Come and fill me with
love.
Take my broken dreams,
and make them real life.

I'm on my way to the light,
away from the dark side of
me.

But I still didn't find,
the stolen forbidden key.

I feel lonely without hope.
Without a vision of my
future.

I feel desperate in full
scope.

God tagged me as an
unknown user.

There's no turning back for
me,

I will continue my journey.
Few steps to my destiny,
someone is calling: Follow
me.

I w i l l f i n d

I don't know where you are
now.

You should be here and
sitting near me.

I long to see your pretty
smile,
hope, wherever you are,
you hear me.

I try so hard to find a place,
to stay together, you and
me.

Where can I endlessly
caress your face,
I will find them if you
agree.

S u r p r i s e m e

Where is the key?
I need to open the door.
I need to find,
the remote control of my
soul.

Last time I saw you in my
dreams,
singing loud a happy song,
walking through the
sunbeams,
and dancing all night long.

And then I woke up,
You were not by me.
Please try it once,
try to surprise me.

N e o n h e a r t

I'm watching a silent
shadow play,
feeling so far away from
you.

Your eyes give me the hope
to stay,
to stay in love with you.

My heart shines through
the night,
longing for your hand's
touch.

Please, come back and hold
me tight,
and you'll know, I love you
so much.

The piano losing its
melody,
the wonderful sounds from
above.

Now it's all changing to
threnody,
our four seasons of love.

There is a war inside my
head,
there is a place, where we
live.

Come and touch my neon
heart,
the only thing you can
believe.

F l o o d

Why is it all so
complicated?
How do I fight without a
sword?

Why are our souls still
disconnected?
Why can't I find the magic
word?

Too many questions in my
head.

Look, what your love has
done to me!

I know It's my daily bread,
to be the one who's still
gloomy.

I'm living in a world of
fantasy,
where roses aren't red as
blood.

The pain in my heart brings
me to ecstasy,
and then it's all gone with a
flood.

S t o r i e s

Oh, how my heart cries,
I knew it wouldn't work.
I can't stand the pressure
anymore.

I can't listen to those lies,
with which I calm myself.
I have to continue to play
my role.

We all have stories to tell,
even though my mouth is
silent.

Even though I turn my cell
phone off.

The flames of pain are hot
as hell,
and my desire is so violent,
so savage, it throws my
soul off.

H o n e y . . .

I don't hear your breath,
next to me in the morning.
All that sounds here,
is a loud alarm warning.

I try to touch your face,
before I open my eyes.
But you're not in the place,
where your body should lie.

Where are you, honey?
I need you by my side.
No, it's not funny.
My fear is like high tide.

D o n ' t l e t m e
w a k e u p !

There is no escape.
I'm surrounded by music
and I still dream about you.

You're my pretty angel,
in my mind created.
When I close my eyes, I'm
finally with you.

Morning is my enemy,
I can't leave the night.
Please, help me and stop
the next day.

Don't let me wake up!
I don't want to go.
Don't let me wake up!
Let me be with you!
Don't let me wake up!
I don't want to go.
Don't let me wake up!
Let me dream forever.

L e t m e k n o w

Cold winter wind blows.
Everything is frozen.
Everything chills,
within my soul.

Will anything change,
if my heart will open?
Please let me know
Will I not be alone?

W i t h o u t l o v e

I don't want to move on.
I don't want anything new
anymore.

It was all nice, though
cruel.

For all those memories.
For all the feelings that
persist.

For the world, where I
lived.

For all this, it was worth it.
Suffering, hurt, longing ...

I should be happy.

But today I feel empty.
Without sense, life is just
dying.

A d v e r t i s e m e n t

Error 404.
Love not found.
Trying to find something
more.
My dreams got drowned.

One heart for sale.
They wrote in the ad.
What if I fail?
I feel something bad.

N i g h t w a l k

I forgot how to love,
and smiles I can't
recognize.
Slow motion pictures try
to remind me those
feelings.
Watching through the
window glass,
I cannot see your eyes.
And the music in my mind,
can't defeat the demons.
Every day I fight,
with the thoughts, which
keeps me down.
Sometimes I win and
sometimes not.
Walking through the night,
I lose myself in my
hometown.
And the flames of the stars
are burning hot.

Why can't you stop,
making all the sad things?
I can't fly anymore,
with my broken wings.

You still run faster,
no matter that I fell down.
Like a darkside master,
you leave me on the
ground.

You don't look back,
no matter how I feel.
I wish it was a dream
but I know it's real.

You left me alone,
and my life goes wrong.
I turned the page.
Now I must be strong.

B l e e d i n g h e a r t

I feel your pain,
when your heart is broken.
It's in my brain,
the word that cannot be
spoken.

I hope, it's not too late,
to change your shades of
sorrow.
Will it be our fate?
Will you love me
tomorrow?

I ' m h e r e

I'm still here,
I just can't leave it.
I'm still watching over you.

I have no fear.
You should believe it.
I'll never let go of you.
